Hall Grocery Company

### This Is To Announce

That George Baldridge, the first man to introduce the concrete block in Monett, is still here and has not gone out of business either. He is the man who brought the concrete block to the present standing in Monett. Through his hard work and honest Manufacturing of the concrete block and his success in his contracts there is now scarcely a building of any note but that the concrete block has first chance. And as for Concrete porch columns he has simply captured the whole thing and defies Southwest Missouri to show a more complete assortment to select from. He has more than \$1000 worth of ornamental molds alone. He has built every concrete block building in Monett of any note.

If you want blocks or a building ask the owner of any block building in Monett as to whether George Baldridge can be depended upon. He has fought the battles in Monett for seventeen years, met all competitors, watched them come and go and is still trying to make it by honesty and fair dealing.

IF YOU WANT ANYTHING IN CONCRETE look for the big brick smoke stack in West Monett near the railroad crossing.

### GEORGE BALDRIDGE,

Manufacturer of Concrete Blocks
